To Whom it May Concern

Atlantic Business Resources Ltd have recently identified a significant cost saving with regards to our gas and electricity supplies across our multiple company sites, which we are currently enjoying.

All reports were produced in a prompt and user-friendly format, and all communication with Atlantic has been excellent.

We are currently committed to working with Atlantic to obtain maximum savings from other areas of our business using their procurement expertise. The process is not disruptive or time consuming to us as a business, and I am pleased to recommend Atlantic's Services to other organisations.

Kind regards
For TRIFAST plc

Ref: Recommendation for Atlantic Business Resources

To Whom It May Concern:

In our business dealings with Atlantic we have found them to be professional and supportive. They have assisted in sourcing exceptionally competitive pricing in the Utilities Sector and through them we have made considerable savings.

We would therefore have no hesitation in recommending Atlantic Business Resources

Yours Faithfully

WITHOUT PREDUDICE

To Whom It May Concern:

David Cover and Son Ltd were first introduced to Atlantic Business Resources PLC early in 2005. Since then they have carried out price comparisons and negotiations with suppliers on our behalf. They have always acted in a thoroughly professional manner and have delivered the savings that were promised. Atlantic only deal with first level suppliers and have provided us with rates that may not have been achieved without their involvement. As members of the Combined Buying Association we have recommended their services to the other 19 members.

I am therefore pleased to recommend them.

Yours sincerely

Andrew Waters
